# Comfort-Life 2 – the reliable tyre

The optimised tread pattern design means enhanced safety in the wet and distinctly better handling.

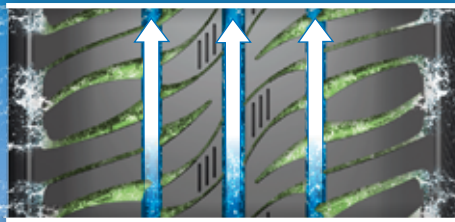

**TOP!**

## Excellent braking in the wet

- Improved tread pattern design with more gripping edges ensures high safety and short braking distances on wet roads.

Effect: Optimised braking performance in the wet.

## High aquaplaning safety

- High aquaplaning safety and short braking distances on wet roads thanks to optimisation of groove shape.

Effect: Efficient dispersion of water

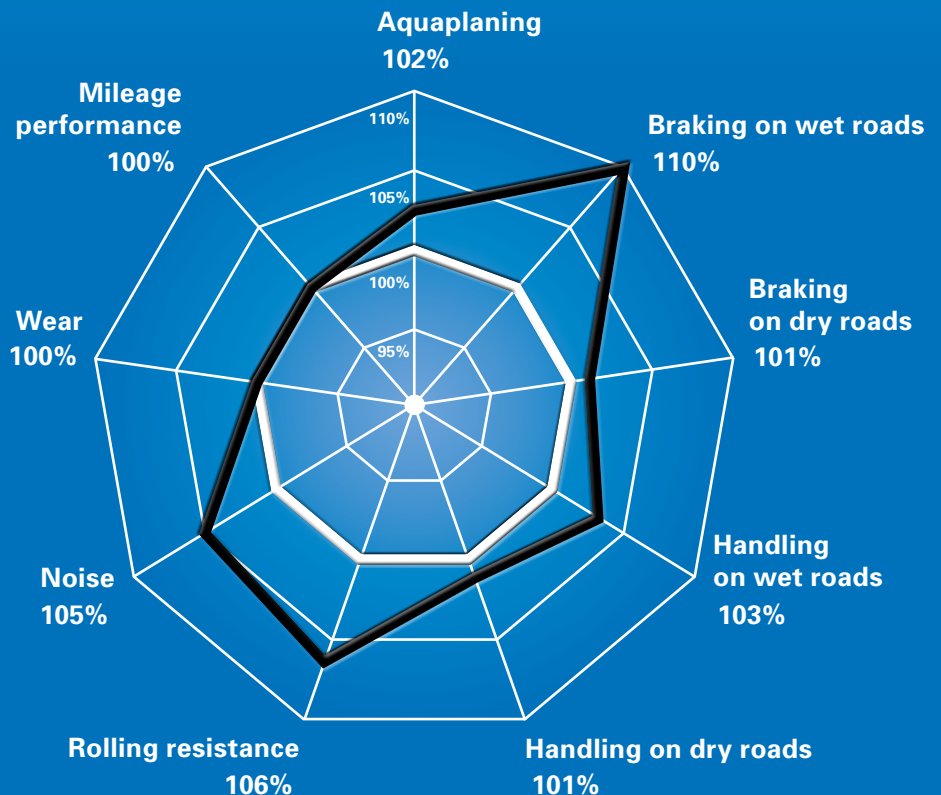

## Optimised handling characteristics

- Better distribution of tread stiffness in the ribs combined with sloped lug edges ensures safe handling on both straight and extremely winding roads.

Effect: Improved transmission of lateral and longitudinal forces.
